Report of the Public Library.

This, the second annual report of the Reading Room and Library since the consolidation of the two, and the making of an appropriation sufficiently ample to keep them open daily, seems to show that the people continue to look upon these institutions with pleasure and pride.

The attendance of the Reading Room during the year just ending shows an increase of 700 over that of any past twelve months; the total being 9,993. This is a daily average of 27 on all week days and 10 on Sundays, with a maximum attendance of 81 on any one week day and 24 on any one Sunday.

The papers and magazines cost during the past year $135.10 and have been but little changed since first subscribed for several years ago and they will probably remain unchanged during next year unless otherwise so desired. "The World's Work" however, in accordance with a general desire, will be put upon the Library list so that it may be taken to the homes of those desiring to read it.

There have been taken from the Library during the past year 7,512 volumes of fiction, 1,487 volumes of other books and 2,814 magazines; of these the largest number issued in any one month was 1,069 in March, and the largest in any one day was 161 on Feb. 21.

We read in a report of the Boston Public Library that four-fifths of all the books taken out by its patrons in that city, which boasts of its intellectuality, are novels. We all know, of course, that the people are not educated solely by

books but no one can fail to see that so far as books are educating us, it is the novel that is the educator—it is therefore plain to all that of the number of books purchased, the novel must form the larger portion, whether in Hinsdale or Boston. We have purchased during the past year about 225 books of which 140 are novels and 85 are of other kinds. Of the latter number, however, fully one-half are books of a sort fully as entertaining to the many readers as the novel and are almost as frequently asked for.

No Library, either public or private, is complete without modern reference books. There has therefore been added this year a set of the New International Encyclopedia, one of the most complete and convenient books of the sort ever published. This is paid for in two annual installments of $40 each. This set of books gives in concise form and with sufficient completeness something on almost every topic with which the ordinary reader meets.

There have also been put upon the library shelves about 200 books newly bound at a cost of $92. These books consist of bound Harper's, Scribner's, Century and Atlantic for three years, also the entire set of Harper's Young People and St. Nicholas which were in a bad condition from long and very constant use. Besides these were about 100 other volumes which could only be saved by rebinding.

Our Library and Reading Room so beautifully appointed invite the attention and favor of many public spirited people who are glad to further adorn it with books and pictures of much beauty and value. Mrs. Minnie Robertson has given during the year two fine scenes of Venice, fittingly framed. A most generous giver who desires not to be named here, has donated a Book of the Presidents of the U. S., containing most beautifully executed likenesses of all our chief executives from Washington to Roosevelt, each described in elaborate letter-press.

In accepting these most desirable acquisitions we are met with a difficulty which in the coming years we shall yet more fully realize, viz., the very limited room at our command in which to appropriately display these gifts.

We have also received during the past year several gifts which appeal to our local patriotism. Mr. Lucius Doolittle has presented a full file of Town Reports, a most fitting and desirable acquisition. Mr. Chauncey Farr, also never forgetful of his native town, has again shown his regard for its interests by presenting almost an entire file of the Valley Record together with other books and magazines of value. The Records we think especially valuable as containing many items of town history not otherwise availabe.

We insert here the numbers of each volume not found in the file sent by Mr. Farr with the idea that there may be others sufficiently interested in the matter who may be able and willing to supply the copies missing.

There are lacking in the several volumes, numbers as follows:

Vol. 1 Nos. 2, 5, 8, 15, 22, 25, 26, 37, 39, 44, 45, 46, 47, 49, 50, 51.
Vol. 2 Nos. 9, 17, 18.
Vol. 3 No. 8.
Vol. 4 No. 36.
Vol. 5 Nos. 10, 51.
Vol. 6 Nos. 8, 19, 23, 36, 37, 46, 48, 49.
Vol. 7 Nos. 14, 18, 21, 44, 47, 48, 49, 50, 51, 52.
Vol. 8 Nos. 1 to 27 inclusive.
Vol. 10 Nos. 21, 27, 32.
Vol. 11 Last 42 Nos.
Vol. 12 No. 1 to 11 inclusive, and 17, 22, 23, 24, 25, 29, 30, 31, 32, 33, 34, 35, 36.

We hope those having any of the above will hand them to the librarian.

We have also received from Prof. W. J. Leonard several books and papers of value which with his efforts to procure the full file of Town Reports above mentioned, as well as in other directions, mark his continued interest in our library.

Kindly acknowledgements are due for the publications placed at our disposal by the Y. P. S. C. E., the Nature Club, the Vermont Phoenix and the New Hampshire Sentinel.

Statistical Report.

Parents and Guardians:

The Board of Education herewith presents for your consideration, the itemized report of its Treasurer for the fiscal year ending February 15, and the statistical report of the schools of the town for the year ending August 1, 1903.

The census of school children was taken in the month of October last by Charles Stearns, who was appointed agent for this purpose, and shows the following facts: Whole number of children in town between the ages of five and sixteen years is 365: boys, 160; girls, 205. Number employed in manufacturing establishments, 6. Children between the ages of ten and sixteen who cannot read and write, none.

Your schools, seldom in better condition than now and showing marked improvement since the beginning of the year, do still invite the wisdom, interest and cooperation of all that they may be made more effective. That there have been, and that there still are, weak points in our school system is a matter of common concern. Yet it is in justice to our system in general and to our teachers in particular to note that pupils are being acceptably fitted for practical life and for our higher schools and colleges year by year. This fact should be a source of pride and satisfaction to all.

In view of present apparent needs and the demands for better preparation for our higher schools and colleges, your board has under advisement a number of changes and readjustments, and the adoption of a more systematic and effective administration of school affairs, whereby the board can come into closer relation to our teachers, pupils and parents, in all matters of common interest where time and energy of teachers and pupils may be saved by such relation. What will be accomplished by the board will be determined, as in all such cases, by the support the parents will give its servants. They

have no reason to question that the public stands ready to assist them as never before in bringing our schools into ideal condition.

Respectfully submitted,

WILLIAM F. WHITE,
EDALBERT J. TEMPLE,
WALTER E. FAY.

EDALBERT J. TEMPLE,

Town Clerk.

State of New Hampshire.

To the Inhabitants of the Town of Hinsdale Qualified to Vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March, 1904 at nine of the clock in the forenoon, to act upon the following subjects:—

Article 1. To choose a Town Clerk for the ensuing year.

Art. 2. To see if the town will vote to accept and adopt the report of the selectmen, auditors and other town officers.

Art. 3. To choose all other necessary town officers and agents for the year ensuing.

Art. 4. To see how much the town will vote to raise and appropriate for the payment of ordinary town charges, for the support of the poor, for the maintenance of the fire department, for the support of the high school, for lighting the streets, and for all other necessary expenses arising within the town.

Art. 5. To see if the town will vote to raise and appropriate the sum of $300 or as much thereof as may be necessary for shingling Depot street bridge, or act in any manner thereon.

Art. 6. To see if the town will vote to raise and appropriate the sum of $250 or as much thereof as may be necessary for the purpose of painting Engine hall on Depot street and relaying east wall under said building, or act in any manner thereon.

Art. 7. To see if the town will vote to raise and appropriate the sum of $200 for the purpose of procuring chairs, tables, crockery, warming oven and other necessary articles for furnishing dining room in basement of town hall, and for racks and hooks for checking clothing, and curtains for hall, or act in any manner thereon.

Art. 8. To see if the town will vote to raise and appropriate the sum of $500 for repairing concrete walks on main street of village, or act in any manner thereon.

Art. 9. To see if the town will vote to raise and appropriate a sum of money sufficient to place and maintain two electric lights on Highland Ave., or act in any manner thereon.

Art. 10 To see if the town will vote to raise and appropriate the sum of $50 for sprinkling the

street near town hall and school buildings in the village, or act in any manner thereon.

Art. 11. To see if the town will instruct the selectmen to procure some place for the children to slide in winter, or act in any manner thereon.

Art. 12. To see if the town will vote to grant the use of the town hall once each year free of cost to each of the religious societies, G. A. R. and Fire Department, or act in any manner thereon.

Art. 13. To see what sum of money the town will vote to raise and appropriate to defray the expense of observing Old Home week, or act in any manner thereon.

Art. 14. To see if the town will vote to raise and appropriate the sum of $40 to lease Riverside Park to be used as a public playground, or act in any manner thereon.

Art. 15. To see if the town will vote to authorize the selectmen to have a Highway map of the town prepared for the use of the town, and State Highway Engineer, or act in any manner thereon.

Art. 16. To see what action the town will take in regard to water closets connected with the public sewers, which may be deemed detrimental to the public health, and prevent any such connection in the future, or act in any manner thereon.

Given under our hands and seal in said Hinsdale, this the twentieth day of February, A. D., 1904.
